WORLD WAR II ARMY ORGANIZATIONAL STUDIES The following works are highly detailed studies of various European WWII armies. These books were developed using archival and primary sources never before available to the English reading public. Each volume provides a history of varying length, a paragraph to several pages, on each unit under consideration. Organizational data, frequently including the numbers and types of weapons, etc., are provided. They will, most assuredly, answer every question you ever had about these armies.

- **SOVIET ORDER OF BATTLE WWII:** by Charles C. Sharp. \$25.00/volume.
 - Vol 1 - "The Deadly Beginning", Soviet Tank, Mechanized, Motorized Divisions of 1940-1942, 99 pages

Pricing subject to change without notice. There is a \$3.00 charge for shipping within the US and \$24/volume for shipment overseas. Books are printed "on demand" in small quantities. As revisions occasionally occur, the book descriptions in this listing are for the latest edition and the number of pages may vary. All books are published in an 8½ x 11" format. I have changed printers and these booklets are transitioning from tape bound to perfect binding. New titles are added monthly. For the latest listing please go to our website www.nafzigercollection.com.
