AHIKS is the world's oldest and largest international board wargaming society.

AHIKS membership is free! For more information, go to <http://AHIKS.com>

We're dedicated to playing board wargames, and to ensuring that our members enjoy friendly, honest competition over the game table. Our four founders covered the globe from Britain to the US to Japan. Since then we've been open to board wargamers no matter where they live.

For more than fifty years, AHIKS members have engaged in live, play-by-mail, play-by-phone, play-by-email, and virtual live competition with AHIKS opponents from around the globe.

AHIKS offers its members many services.

Our **Matching Coordinator** helps members find fellow members who want to play the same game.

Our **Ratings Service** reports the skill of members in playing a range of board wargames.

The **Unit Counter Pool** supplies members with replacements for missing unit counters in their games.

The **Editor** publishes our bimonthly full-color magazine, The Kommandeur, which is sent electronically as a PDF file to every member. It's free when you join!

The **Judge** helps resolve rules disputes.

**Social media pages** on Facebook and MeWe, and our web site [AHIKS.com](http://AHIKS.com), help bring wargamers together.
